

Art, Robots & Entertainment

Open contest for art / robotics / entertainment: Art used in robotics, robots used in art, entertainment robotics, robotic entertainment...

1. Contest description

"Arts, Robots & Entertainment" contest is open to all creative people. Robotics recently becomes an important part of art and entertainment. This new contest explores the possibilities and boundaries of art in robotics, robotics in art, entertaining robotics and robotics in entertainment.

Robotic Day brings together artists and performers who see the potential power of robotics in arts or the power the art can push in robotics and practitioners and researchers interested in robotics, computational science and design of entertainment or artistic interactive applications.

Submit your work today and become a part of this creative group of people and their experimental exploration. We welcome proposals of artistic or entertainment interactive installations and applications.

All the presented works will be part of the contest evaluated by a professional jury / referees.

2. Topics

The topics include, but are not limited to:

- Art and Novel Media
- Interactive Sound
- Interactive Sport, Games etc.
- Light Design and Experimentations
- New Genres of Entertainment Technology
- Augmented, Virtual or Mixed Reality
- Ubiquitous / Pervasive Entertainment

3. Limitations

Because being part of Robotic Day, the works must somehow relate to robotics. Otherwise, the topic is fully up to you.

The work must not be dangerous or excessively annoying.

To your submission please attach an abstract/visual plan, photos or video of max 50 MB, and a list of technical requirements including electrical needs and space requirements including display and space needs. By default we offer a table and electricity plug.

4. Power of officials and liability

No objections against the decisions of the referee or the organizers are allowed.

The organizers may change the rules without prior notice, e.g. based on number of participants, local conditions etc. The organizers also reserve the right to close the registrations before the official deadline or to cancel any work registration. In such case, there will be no potential expenses recovered.

The participants are responsible for their work and their safety and will be liable for all damages caused by them, their work or their equipment.

The organizers will not be under any circumstances held liable or responsible for any accidents of the participants or any damages caused by the participants, their work or their equipment.
